

**Bachelor of General Studies
GS 4279, Summary Project**

Research Project Proposal

The Bachelor of General Studies Summary Project (GS 4279) is a senior year, three credit, interdisciplinary, academic enterprise. The Summary Project reflects the interdisciplinary nature of the student's customized plan of study, how the disciplines are connected in the project, and explores in-depth a relevant area of interest as demonstrated in a paper or report. All Summary Project require a written report or paper that demonstrates the interdisciplinary nature of the project.
